

# Real-World Biologics Data that Pharma Execs Should Know

Medisafe is a human-centric connected health platform solving all major issues of medication management with almost 4B doses managed.

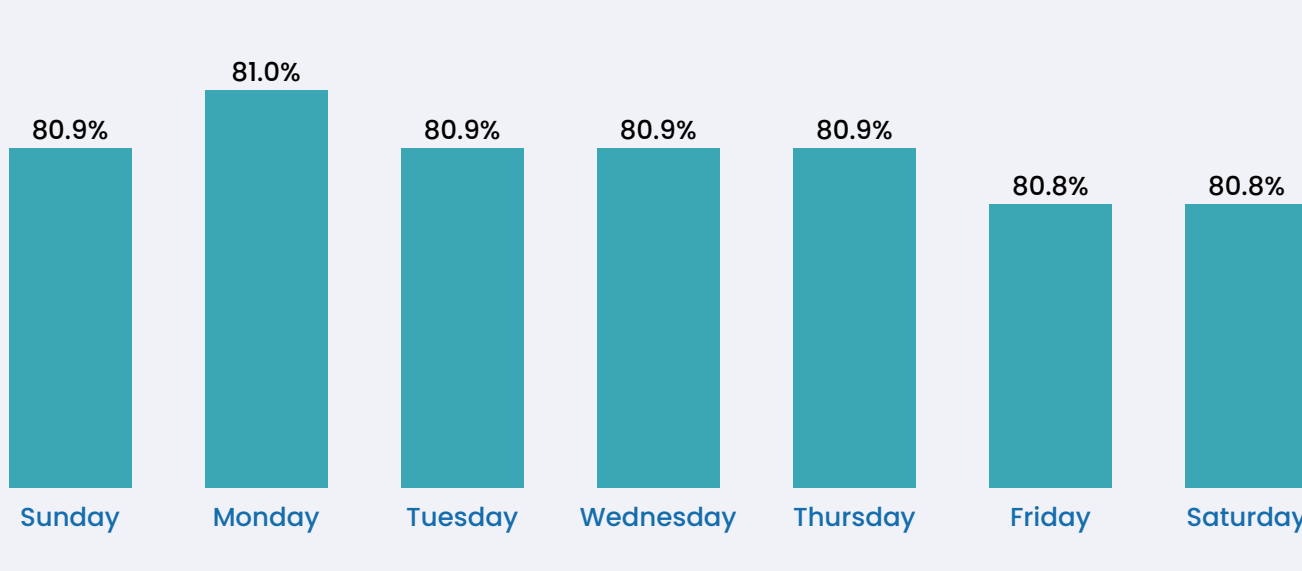

## Top 10 Adherent Countries for Biologic Meds

### Medisafe Reported Biologics Adherence by Country

## How Day of Week Affects Biologics Adherence

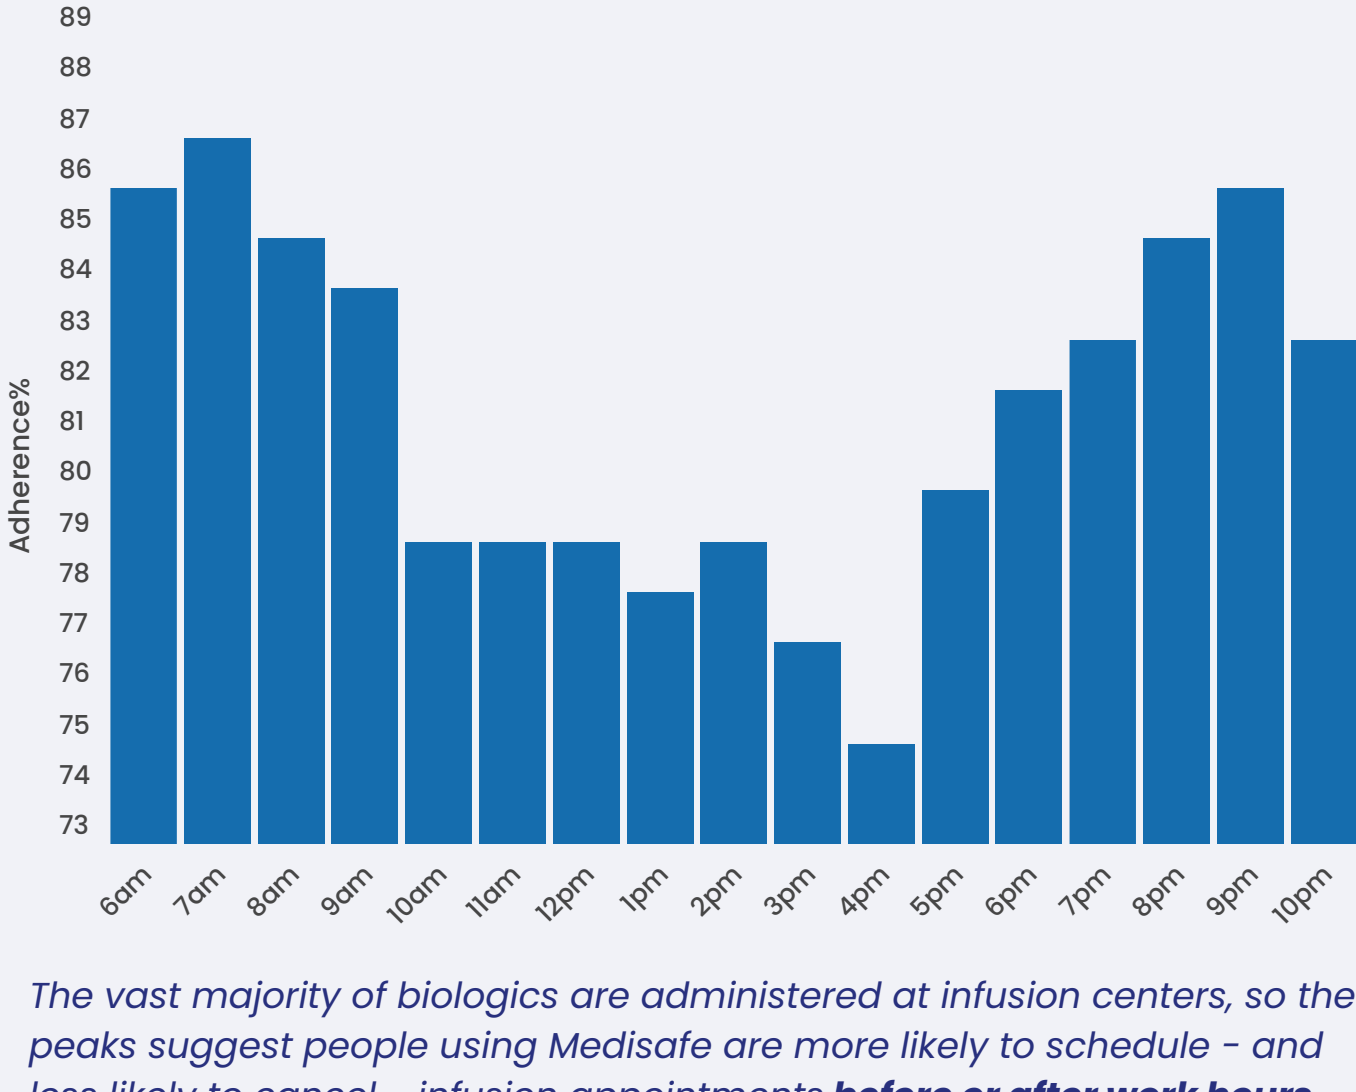

### Medisafe Reported Biologics Adherence by Day

Since many biologics are scheduled at an infusion center, reported adherence **stays consistently high each weekday** -- unlike many medication categories.

## How Hour of Day Affects Biologics Adherence

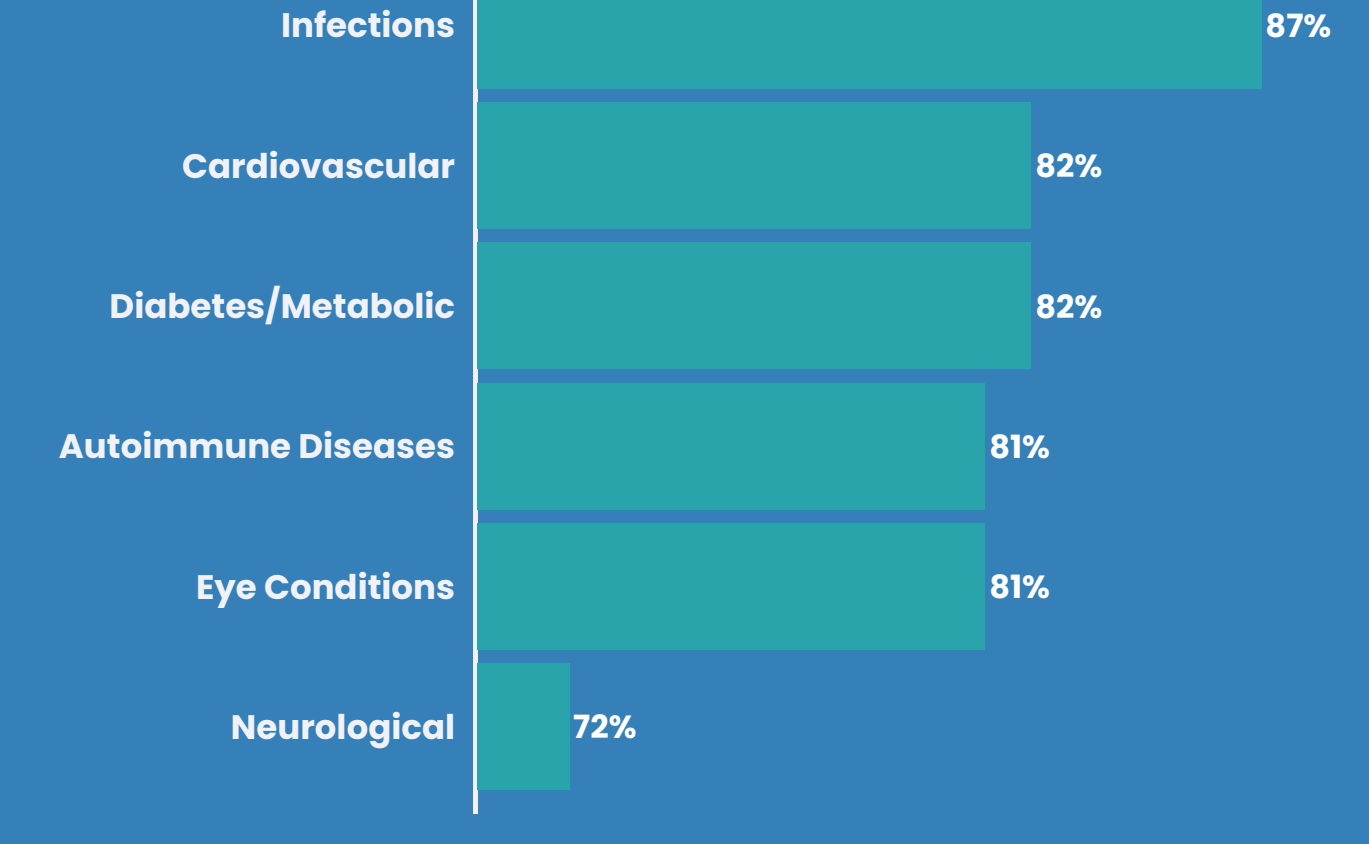

### Medisafe Reported Biologics Adherence by Hour

The vast majority of biologics are administered at infusion centers, so the peaks suggest people using Medisafe are more likely to schedule – and less likely to cancel – infusion appointments **before or after work hours**.

## Adherence Rates by Type of Biologic Treatment

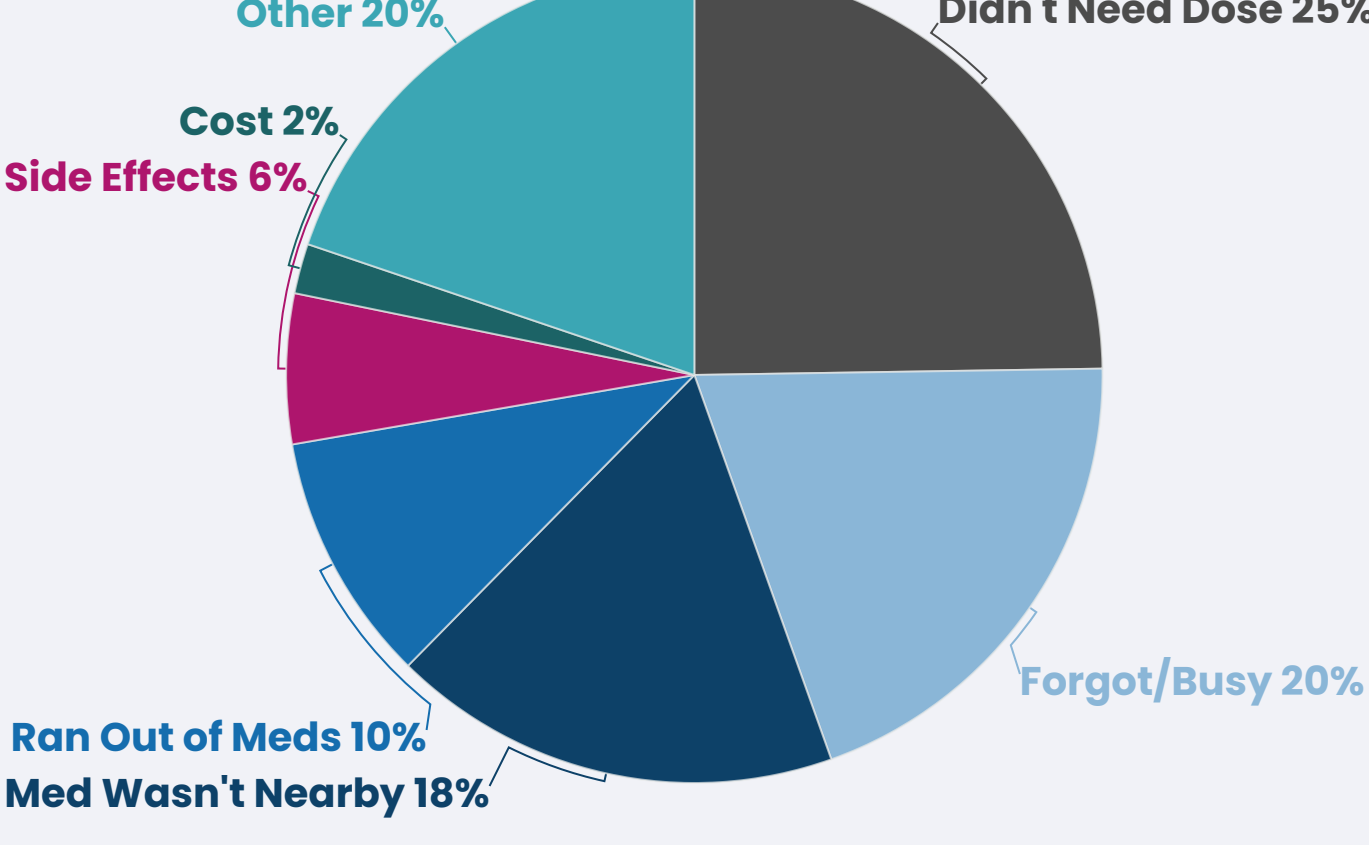

### Medisafe Reported Med Adherence by Condition

Global medication adherence rates for most biologic conditions average **81% on Medisafe**

## Why Biologics Patients Say They Skip Doses

### Survey Results of Medisafe Biologics Patients

## Top Biologic Meds With Highest Adherence

### Medisafe Reported Biologics Adherence by Brand Name

Condition	Adherence	Brand	Company
MS	92%	Plegridy	Biogen
Netropenia	90%	Neulasta	Amgen
MS	89%	Extavia	Novartis
RA, COI	88%	Kineret	Sobi
Crohn's, RA, PsA & AS	87%	Cimzia	UCB
Hep B and C	87%	Pegasys	Genentech
MS	87%	Avonex	Biogen
Eosinophilic asthma	87%	Nucala	GSK
Eosinophilic asthma	87%	Fasenra	AstraZeneca
MS, UC	86%	Zeposia	BMS
MS	86%	Tysabri	Biogen
RA, PJIA, SJIA, GCA, CRS	86%	Actemra	Genentech
RA, JIA, PsA	86%	Orencia	BMS
AS, RA, PsA, JIA, HS, Non-IU, UC, Uveitis, PP, Crohn's	85%	Humira	AbbVie
Primary Hyperlipidemia	82%	Praluent	Sanofi & Regeneron
Primary Hyperlipidemia, HFH	82%	Repatha	Amgen
RA, PsA, AS and UC	81%	Simponi	Janssen
Cancers	81%	Avastin	Genentech
Ra, PsA, As, Plaque Psoriasis	81%	Enbrel	Amgen

Key: Ankylosing Spondylitis (AS), Cryopyrin-associated Periodic Ayndrome (CPS), Cytokine Release Syndrome (CRS), Giant Cell Arteritis (GCA), Hidradenitis Suppurativa (HS), Homozygous Familial Hypercholesterolemia (HFH), Juvenile Idiopathic Arthritis (JIA), Multiple Sclerosis (MS), Non-Infectious Uveitis (NIU), Polyarticular Juvenile Idiopathic Arthritis (PJIA), Psoriatic Arthritis (PsA), Rheumatoid Arthritis (RA), Systemic Juvenile Idiopathic Arthritis (SJIA).

Of the top biologic drugs with the highest reported adherence on Medisafe, Biogen and Genentech each hold three spots.

All data shown is for non-program Medisafe users' reported adherence and survey results.
